

Nursery Newsletter. December 2018.

End of the first term

The children have had a good start to the year. Many are making strong friendships and are now confident within the Nursery environment. The children can now access all of the resources independently, however, they do need reminders and encouragement to put toys away when they have finished with them.

Christmas Sing Along

The children have tried really hard to learn a few simple seasonal songs and are very excited about performing for you this week. A very big well done to the children who do not yet speak English fluently but have picked up some of the keywords in the songs.

Learning

We have introduced the children to the digital cameras and they have had much fun exploring the different effects and games on them. They are learning to use their imaginations using what we call 'loose parts' which are everyday resources such as pipes, tyres, hoses etc.

Reminders

Mobile phones

A reminder that mobile phones are **not** to be used in the school.

Clothing

Please make sure all garments are labelled clearly with your child's name. The children play outside in all weathers. Please ensure they have a waterproof coat for school.

Tip for parents

Look for familiar shop signs and road signs when out and about. It helps young children to learn the importance of writing.

ASDA

Look for numbers in the environment. It helps children to learn the importance of numbers in everyday life.

YB 1234A

If you have any questions please ask any member of staff. We wish you a safe and happy holiday. We will see you on the 8th January 2019.

Mrs Walsh, Ms Belacel, Mrs Warren and Miss Stevenson
